

Introducing the new  
**FX-20 & FX-30**

HAY - HOPS - HEMP - BRAZIL NUTS - TOBACCO - DATES

The next generation of moisture meters is here, with the introduction of the  
**Navigator™** series and **EDGE™** app from Delmhorst.

# NEW FX-20 AND FX-30

The **FX-20 and FX-30** are the latest in the new Navigator family of moisture meters from Delmhorst. Uniquely designed for use in the field with a dashboard-like display that is easy to read, and large, easy to use navigation buttons.

The **FX-20** Hay meter is perfect for large and small volume producers to ensure reliable %MC readings in the windrow or in all size bale packages. Accurate moisture monitoring is essential to reduce mold development, preserve leaves, color and feed value. The FX-20 can be used with various existing Delmhorst hay prods and accessories.

The **FX-30** multi-purpose meter features the Delmhorst **EDGE™** app with customizable settings and user-selectable calibrations for **Hay, Hops, Hemp, Brazil Nuts, Tobacco, and Dates**. Having a reliable, accurate tool to monitor moisture through each phase of the process enhances quality control and increases profits.

## Features

- Large, custom display with auto backlight – easy to read under all conditions
- On-screen readings statistics – High, Low, Average, Standard Deviation, Last 10
